

CSL CENTENARY FELLOWSHIPS

5 YEARS
\$1.25 M

The CSL Centenary Fellowships are offered to outstanding Australians seeking to consolidate their career and undertake medical research at an Australian research institute.

Applications now open for 2020.

Mid-career Australian citizens or permanent residents working on discovery or translational research with a focus on rare and serious diseases, immunology, or inflammation are invited to apply.

The fellowships are five-year, \$AUD1.25 million grants intended to encourage and support world-class medical research in Australia.

- ✓ Australian citizens or permanent residents
- ✓ 4 – 10 years post-doctoral work experience
- ✓ Discovery or translational medical research
- ✓ Research to be conducted at an Australian not-for-profit research institute
- ✓ Researchers seeking to transition to their own independently funded research laboratory are encouraged to apply
